## EDITORIAL PERISCOPE

Cliff Garrott is telling this one on himself as an incident of the recent meeting of Bethel Association at Guthrie. The ladies of the W. M. held their separate meeting in the afternoon of the first day, which was quite warm for the last of September. The meeting was in a small room that received the full force of the afternoon sun and suddenly Mr. Garrott, "A young woman" over in a faint. The news reached the outside and a young man rushed into the building and bore the limp form out in his arms and the lady was quickly restored. Suddenly a second lady fainted and as she was standing near the door I rushed in and was just in the act of picking her up in my arms when she closed her eyes, looked me over and shaking herself loose, rose to her feet and walked out."

Sergeant Alvin York, famous Tennessee war hero, who outfought and captured an entire German battalion in the Argonne Forest, will be in the First Christian church in Louisville tomorrow night, under the auspices of the Rotary Club. Sergeant York is touring the country for the interest of school for mountaineers. All profits from his lectures toward foundation of educational institutions in the Tennessee hills. Marshal Poch characterized Sergeant York's achievement as the most spectacular single instance of bravery in the war.

Field Marshal Von Mackensen is expected to be the first of the German offenders to be tried by the allies. He is now imprisoned at Saliniki, together with his staff of two generals and seven officers. The old marshal and his aides are in the hands of the French military authorities there and will shortly be brought to France.

French and American style-makers are contending over the length of women's skirts are to be. Paris wants them knee-high while New York prefers them ankle-length when not worn in water. The compromise may be. Any length wanted below the knee.

Misses Mary Neville and Mildred Hancock, daughters of W. M. Hancock and granddaughters of the late Jos. R. Hancock, a brave Confederate Veteran, will be Maids of Honor at the Atlanta Reunion of the U. C. V. They are typical Kentucky beauties.

A Nashville woman who sued to recover an insurance policy on her husband's life accepted \$4,000 in compromise as "an entirely satisfactory amount." The dear creatures do not value us as highly as we think.

Senator James A. Reed, of Missouri, at the conclusion of his speech in Denver Saturday night, announced that he had cancelled his remaining engagements, and plans to return east at once.

The winning team in the series of baseball games between the Cincinnati Nationals and the Chicago Americans will split \$117,157 and the losing team will get \$78,104.90. Belgian royalty viewed Niagara Falls Monday and took in the whole show, going down under the falls in the Cave of Winds, and then rode on the trolley to Whirlpool rapids.

Chicago bakers have met the Government's efforts to lower prices by adding 1½ cents to the selling price of a loaf of bread.

Boston is much puffed up because the royal Belgians began a tour of the United States by first visiting Boston.

## CONFEDERATE REUNION IN ATLANTA

VETERANS TO HAVE BIGGEST TIME EVER FOR THEIR ANNUAL GATHERING

HOPKINSVILLE REPRESENTED

Attendance To Be The Greatest On Record In Splte of the "Thin Gray Line."

Hopkinsville delegation to the Confederate Reunion at Atlanta left Monday. The reunion is expected to be the largest one this year that will ever be held. It is expected to excel the Tulsa, Okla., reunion of last year, when 14,000 gray-clad veterans marched through that city to the strains of "Dixie."

On Oct. 7, 8 and 9 in Atlanta these veterans will receive one of the greatest welcomes on record. The high life they led when they were boys will be revived. Every night they will indulge in a ball and dance the "Virginny" reel, the quadrille, the waltz and the minuet. The light fantastic of the colonial and aristocratic Old South will be revived.

At Piedmont park they will be encamped in tents that are like houses, with private attendants, heat, ice water and warm water, and fine sleeping quarters. Each night an old-time campfire, such as was built during the sixties on the bleak battlefields, will be built before the tent door. Without the hardships of war, the old soldiers will be reminded of the times they once had together.

Atlanta is arranging all kinds of entertainments—big dinners, big outings, dances, olden colonial entertainments, drills—n' ev'rything!

## JOHN C. DAY DIED OCT. 4

Made His Home in Hopkinsville for Many Years—Had Legion of Friends Here.

Louisville, Ky., Oct. 6.—John C. Day, 73 years old, a Confederate Veteran and for several years a member of the Louisville School Board, died Saturday in his home, 927 South Fourth street.

Mr. Day was born in Durham, N. C., and grew to young manhood there. On the outbreak of the Civil War he enlisted in Lee's army and served throughout the struggle. He attained the rank of Lieutenant Colonel.

When peace was declared he settled in Hopkinsville where he was an auctioneer until 1890 and moved to Louisville that year. He was a member of the Baptist church and was associated with the Hyland Park congregation in this city.

He is survived by his widow, Mrs. Mattie Rodman Day and three daughters, Miss Eva May Day, Miss Mary Pope Day and Mrs. Annabelle Rawlings.

Hopkinsville Pays Up. Members of the Hopkinsville Business Men's Association were in Dawson Springs Tuesday and Wednesday for the purpose of paying the promised quota of Hopkinsville toward paying for the 5,000 acres of land on which the Government Hospital will be located.—Progress.

## THE STORK

Mr. and Mrs. Geo. D. Hill, of Craddock, Va., announce the birth of a daughter, Margaret Elizabeth, on October 2nd. Mrs. Hill is a sister of Mrs. M. M. Shipp, of this city.

Five people lost their lives when Boas Allen's house in LaRue county burned.

## MARSHALL MAY BECOME THE ACTING PRESIDENT

REPORTS ARE NOT SUCH AS TO ALLAY CONCERN AND STEPS ARE TAKEN FOR TRANSFER OF HIS DUTIES

Washington, Oct. 6.—Reports coming from many sources as to President Wilson's condition are not such as to allay apprehension. On the contrary, they are such as to cause the deepest concern.

It is known that steps are well advanced looking to the possible ultimate necessity of transferring the presidential office to Vice-President Marshall and this transfer in the opinion of many persons may soon come. It is believed, however, that

the vice-president would not consent to take over the office unless it is the unanimous verdict of the doctors that the president is incapacitated by the illness, so that it makes it advisable to relieve him of the office. A mere request from the cabinet probably would not receive the approval of the vice-president.

President Wilson's physicians reported tonight that cumulative effects of several comfortable days and nights slowly was taking effect in a gain of strength.

## BLACK'S ELECTION IS URGED

Nebraskan Says Defeat of Democrats in Kentucky Would Be Held Victory For Opponents of Peace Treaty

Louisville, Ky., Oct. 6.—On the eve of his departure from Kentucky in which he had made several speeches in behalf of the state prohibition amendment, Col. Wm. Jennings Bryan, of Nebraska, declared himself earnestly in favor of the election of Gov. James D. Black, saying that an adverse result in Kentucky would be taken as a victory for the opponents of the peace treaty.

Bryan had the following to say regarding Kentucky politics: "As I came into the State on an invitation of the Women's Christian Temperance Union, to speak for the prohibition amendment, I was not at liberty to discuss politics in my speeches, but I am very glad to testify to my interest in the success of the Democratic ticket in Kentucky.

"Gov. Black is not only running upon a platform that endorses the prohibition amendment, but is himself a man of high character, a man that will give credit to the State and give prestige to the Commonwealth.

"I am anxious to see him and his associates on the Democratic ticket elected by a large majority. His outstanding advocacy of the League of Nations makes his election more necessary, because his defeat would be construed as a victory for the opponents of the treaty."

## WELLS DID WELL HERE MONDAY

Made a Strong Speech In the Interest of the Democratic Candidates.

Hon. Rainey T. Wells spoke at the Court House Monday in the interest of the Democratic ticket. Judge Bush adjourned court for the speaking and Mr. Wells addressed a large audience. He was introduced by Jas. B. Allensworth and made a strong speech for the Democratic party.

## LITTLE BETHEL MEETS THIS COMING WEDNESDAY

Little Bethel Association of Baptists will meet this coming Wednesday with Olive Branch church near Hanson. Dinner will be served on the grounds. Rev. D. S. Edwards of Hanson, is moderator and Rev. Claude Cole, of Morton's Gap, is clerk.—Messenger.

Conway-Claxton. Mr. C. E. Conway and Miss Laura Mai Claxton, of Hopkinsville, were married yesterday afternoon in the County Court Clerk's office by Esquire John B. Osborn.—Clarksville Leaf-Chronicle.

## G. O. P. IN LEAGUE WITH THE SALOONS

Deal With Illegal Sellers of Booze From Development In Raids At Louisville.

Louisville, Ky., Oct. 6.—That the Republican Machine in Louisville is in league with illegal sellers of liquor is evident from the developments in the trial of those accused of selling whiskey before a U. S. Commissioner.

Louisville policemen, "have no instructions" to arrest violators of the liquor laws, even when they see with their own eyes liquor sold to soldiers in uniform, was the statement made by patrolman J. B. Probst in the trial of Fred Ziegler, on the charge of selling liquor to a soldier in uniform, October 2nd.

Cross-examined by Jack Richardson, attorney for Ziegler after he had testified for the Government. Probst was asked:

"And you say you saw the defendant sell the liquor to the soldier in uniform?"

Probst answered in the affirmative. "Then why didn't you arrest him yourself?" Mr. Richardson asked.

"Because I have no instructions on that matter," was Probst's reply.

Nat Cureton, Assistant County Attorney, under J. Mat Chilton, appeared for Zeigler and arranged bond for him.

Chilton and Cureton are members of the Hert-Morrow-Ballard Republican machine and prominent in it. That the Republicans have made a deal for the support of the former saloon keepers is evident from their laxity in handling these cases, and they have been assessed for campaign purposes from one to three hundred dollars each, this collection being based upon the amount of whiskey sold.

## NAMED AS MESSENGERS

Following List Sent To Bethel Moderator For Appointment.

Dr. J. W. Gaines, clerk of Bethel Association, who was empowered to nominate seven messengers from Bethel Association to the General Association at Georgetown, Ky. on Nov. 11th, the list to be headed by himself, has made the following recommendations to Moderator Geo. F. Dasher:

Messengers—J. W. Gaines, Chas. M. Meacham, Geo. E. Gary, Bailey Waller, M. H. Tandy, G. H. Stowe H. H. Abernathy. Alternates—C. W. Garrott, B. D. Hill, R. Y. Pendleton, M. C. Fox, C. E. Woodruff, Holland Garnett and W. J. Dickinson.

The Moderator will himself name seven others.

Over The Top. The Madisonville Baptist Church with a quota of \$12,500 raised \$17,245.

## SEC. LANE PLEASURES ALL FACTIONS

INDUSTRIAL CONFERENCE GETS NO FURTHER THAN NAMING OF COMMITTEES

NOTED LEADERS ARE ON HAND

Railroad Brotherhoods At the Last Moment Decide To Send Delegates.

Washington, Oct. 7.—Franklin K. Lane, Secretary of the Interior, will be the permanent chairman of the President's round table industrial conference, which opened its sessions in the Pan-American building yesterday afternoon to take up the great task before it this afternoon under the call of President Wilson.

Secretary Lane's election to be permanent chairman will not only place deliberations of the conference in the hands of a man who is not a member of the conference, in the hands of an "outsider," but will mark the selection of a presiding officer who will be satisfactory to both labor and capital elements represented in the conference.

Among labor leaders present are Samuel Gompers, president of the American Federation of Labor, head of the labor group, which included Frank Morrison, secretary of the federation; W. G. Lee, of the Order of Railway Trainmen; L. E. Sheppard, of the Order of Railway Conductors; Mrs. Sarah Conboy, secretary of the Textile Workers, and M. F. Tighe, of the Iron and Steel Workers.

Not four feet away, across a carpeted aisle which formed a definite line of demarcation, sat Judge E. H. Gary, chairman of the Board of Directors of the Steel Corporation, between John D. Rockefeller, Jr., and Miss Ida M. Tarbell.

Others in this group, which represented the public, were Dr. Charles W. Elliott, president of Harvard College; John Spardo and Charles Edward Russell, the two former Socialists; Bernard M. Barusch, C. S. Barrett and A. T. Atkeson, of farmers organizations.

In the group on the left were Homer L. Ferguson, of the Newport News Shipbuilding Dry Dock Company; Frederick P. Fish, chairman of the National Industrial Conference Board, and L. F. Loree, President of the Delaware & Hudson Co. Rail Men Send Envoys.

At practically the last moment the Railway Brotherhoods decided to send delegates. These included H. L. Willis, of the Brotherhood of Locomotive Engineers; Timothy Shea of the Firemen, and Messrs. Lee and Sheppard.

Besides the official delegates from the three groups, many spectators and perhaps 100 newspaper men also were present.

## ITALY ASKS LITERATURE ON 75 MILLION CAMPAIGN

From Rome, Italy, where missionary work has been carried on by Southern Baptists for forty years has come the first foreign order for literature on the Baptist 75 Million Campaign. Dr. D. G. Whittinghill one of the missionaries there, who has already made a contribution to the campaign, writes for a supply of the literature and campaign pledge cards which he will use in the interest of the big drive.

## Getting By Light.

Little Bethel Association, composed of 36 churches in Hopkins and Webster counties, will raise \$100,000 for the Baptist Campaign. The Madisonville church's quota is 12,500.

## Formerly Lived Here.

Mrs. Kate Caldwell, mother of the late W. L. Bamberger, died in Nashville a few days ago. She lived for many years in this city, but moved with her husband to Tennessee.

## Moved to Dyersburg.

B. C. Crain and son, Chas. Crain, have moved to Dyersburg, Tenn., and will conduct two hickory handle factories, one at Dyersburg and the other near that place.

## DISCRIMINATION IS CHARGED TOBACCO MEN

LOCAL TOBACCO MEN DEPRIVED OF "WAREHOUSE DOOR RATES" HERE

CLARKSVILLE IS FAVORED

Protest Has Been Made and a Decision On Appeal Is Wanted.

The Railroad Commission at Louisville has announced a new ruling that discontinues the "warehouse door rates" in Hopkinsville, but will allow them to remain in force in Clarksville.

From this decision an appeal has been taken to the Southern Freight Traffic committee which was heard by that body at Atlanta on October 2. The finding that this higher tribunal has not yet been announced, but it is believed that it will rescind the action of the Louisville committee and will continue the "warehouse door rates" which will put this market on an even footing with Clarksville as it has been for many years.

What are known as the "warehouse rates" means simply that the railroad companies have been paying the drayage charges on tobacco from the warehouse to the depot, a charge of 25 cents a hoghead.

The "warehouse door rates," it is set forth, have been in effect for forty years or more, and the brief filed prays that they not be disturbed now, and especially so is Clarksville is to be allowed to continue under the old plan. The fight is being waged by the Hopkinsville Board of Trade and Hopkinsville Business Men's Association.

## GETTING READY FOR NOVEMBER

Yesterday Was the Regular Registration Day For Voters In City Precincts.

Yesterday was the regular registration day for voters who live in city precincts and polls were opened at the seven precincts of Hopkinsville at 6 a. m. and kept open till 9 o'clock at night. While no great interest was apparent on the surface, both parties were active in getting out the voters and qualifying them to cast their votes in November. Such voters as were absent from the city during the entire time the polls were open or who were kept away from the polls by illness, of themselves or of their families will have another opportunity the last week before the election by going to the clerk's office, and registering by affidavit. But those who have no such excuses will be disfranchised for the next twelve months. The polls had not closed last night when the Kentuckian went to press, but a heavy registration was indicated.

## STRIKES OBSTACLE

Frank Mason who has accepted a position with the Chambers Company in Nashville has struck a serious obstacle in his moving. His boy, Frank, Jr., has a dog "Tip" that is his inseparable companion. Tip goes with him to school, to church and on his route with him as a Kentuckian carrier. What to do with Tip has become a vital problem. Frank can't go without Tip and there is no place for a dog in Nashville apartments, while there are no residences for rent except apartment houses. It may result in the whole family's remaining in Hopkinsville and the Kentuckian hopes it may. The whole town is reluctant to give them up.

A Washington dispatch says many chaplains returning from overseas service are not finding pastorates awaiting them.

Duncio, who has forcibly seized Fiume with 20,000 Italians says he has all the men he can feed. Twenty warships in the harbor are backing him and 50,000 Italian troops on the land side will not attack him and he has no fear of the Croats. He claims to be taking by a peaceful revolution the city the Peace Conference failed to award to Italy and says he will burn the city and die with all his men before he will be driven out by any force, allies included.

Mrs. Cora Wilson Stewart is in New York, she states, to buy an airplane to travel through the mountains for the Illiteracy Commission. If the airplane is to be bought with public money, it is about time to call a halt and amend the law to let illiterate adults attend the regular schools. It cannot be possible that there are counties in Kentucky so remote that they have no schools.

The most remarkable collection of pipes in America if not in the world is owned by a widow, Mrs. Gard Foster, of Syracuse, N. Y. The collection was started by her deceased husband and contains 3,000 pipes representing every nation in the world. There are many curious specimens and many of them are of rare beauty and exquisite carving.

Whisky men who have 60,000,000 gallons of liquor on hand are said to be preparing to make test cases by shipping liquor all over the country, assuming that the war is over and demobilization complete. Taxes to the amount of \$4,000,000 are involved.

The French undertakers are said to be profiteering in the matter of exhuming the bodies of soldiers buried on the battlefields and preparing them for return to surviving relatives. A bitter feeling exists in Paris against the grave sharks.

They are trying a lot of Polytechnic Institute boys for having a Freshman who squealed and threw the matter into court. One of the defendants denied that he used a bed-slat instead of the "regular paddle."

All Jews have been called upon to pray for the President's recovery and the President of the Mormon church made special prayer for his recovery at the annual conference in Salt Lake City.

THIS WOMAN  
SAVED FROM  
AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. BINDER, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binder that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. REPUBLICANS  
TO CAUCUS

Washington, Oct. 7.—The Republican members of the House of Representatives are to hold another caucus on November 10 to determine what they are to do legislatively—if anything—during the remainder of the special session. The five weeks' interval, it is hoped, will furnish some suggestions to be presented at the meeting that can be agreed upon by all factions, and which will have the approval of the party leaders in the Senate.

At that time, if their courage holds out, the insurgents who desire the overthrow of Frank W. Mondell, party floor leader, will attempt that apparently impossible task. They are expected to point out that little legislative work has been accomplished, and most of that recommendations of the President; that much of the tariff and revenue legislation passed by the House after many months travail is held up in the Senate, and, according to Senator Boies Penrose, "boss" of the G. O. P., will continue to be until 1921. The rebellious ones are likely to urge that the House floor leader should be in touch with the Senate Chief-justices so that time will not be wasted on impossible legislation, and that party boasts of achievements may have a chance of coming true.

Present caucus plans, according to gossip of Republicans, contemplate a discussion of what to do with the railroads, involving a relish of the Plumb, Esch and Cummins plans, and then a decision to do nothing at this session, despite the President's warning that he intended turning back the roads to their owners by the first of the new year. President Wilson has repeatedly asked for legislation permitting this return and protecting the public and the railroads, but all indication point to no action by either Senate or House.

If any real, beneficial soldiers' legislation gets through the House this session it will be considered a miracle by most of the members. Floor Leader Mondell is still attempting to whip his party colleagues into line for the kidnaped Mondell-Smoot soldiers' land bill, but his following is almost nil. The meeting of the American Legion at Minneapolis, from which so much is hoped for in the way of suggestions, will not take place until next month. Meanwhile the House must "stall," but this has ceased to be a novelty in the last five months.

There are few if any Congressmen whose daily mail is not filled with letters from soldiers and sailors asking for appropriations or other legislation that will assist them in their re-start in civil life with a better chance than when they took up arms for their country. Many of these letters are requests for cash bonuses, some of the writers telling of immediate and pressing debts that they desire to sponge off the state, and intimating strongly that they expect the Government to act quickly so that they liquidate promptly. The American Legion has, in a way, declared against any cash bonus plan, but has made no specific recommendations. This may be done at the forthcoming Mennapolis meeting and that is what the Republican majority in the House is awaiting. As Senator Penrose has termed

2 PICTURES  
OF CHILD

Sent From this City to the Children's Home in 1912.

W. H. Collins, representing the Kentucky Children's Home at Louisville spent Sunday in the city and showed a pamphlet containing pictures of some of the children in the Home. Among them are two pictures of Ura Arvin, a child sent from this city about seven years ago. He was found by the city officials in a virtually starving condition, a mere skeleton, and taken from his home by process of law and committed to the Home in Louisville, where by hard and persistent work his life was saved. One picture showed the child as he was received. The boy, now about 8 or 9 years of age, is shown in a recent picture as a manly, well-dressed youth, reading a book. He has for several years been placed in a family home where he has been well cared for and kindly treated.

FARMER IS ACCUSED OF  
THEFT OF SEED AND GRAIN

Woodburn, Ky., Oct. 4.—Francisway Bunch, a prominent young farmer, was arrested Thursday by Sheriff McClanahan of Franklin, charged with stealing orchard grass seed and other grain from several farmers. W. D. Neal identified his sacks and seed at a Franklin wholesale house. Bud Foster, a young negro, is also claimed to be implicated. The negro, it is alleged, did the stealing and the seed were sold in Franklin, all payments being made in Bunch's name. The farmers in the community have been losing grain in small quantities for three years, but say they are sure the thefts will be stopped now. Bunch belongs to one of the best families in the community. Six years ago he married Miss Sallie Johnson, whose father made bond for Bunch.

## Half and Half.

For we know in part and we prophesy in part.—First Corinthians.

"popgun" tariff bills passed by the House "piecemeal legislation" which "in some cases fail to pay any attention to the necessity of compensatory duties on articles connected with the production of these manufactured and raw materials," not to mention other unkind remarks. The Republican Congressmen are asking whether they are to continue to be made the targets for the shafts of ridicule hurled by the Republican chairman of the Senate Finance Committee.

As time already has hung so heavily on the hands of the House that a five weeks' recess was stopped only by the President of the United States, the Republicans are asking what they are to do since the passage of "popgun" tariff bills is practically interdicted by the big "boss." This will probably cause a revival of the plan for an adjournment from as soon as possible in November after the caucus until the opening of the regular session in December.

There is one new Republican Congressman who has discovered what he is in Washington for. He told a Democrat colleague. "I'm here to help make a quorum," he said.

## \$4,800,000 TO BE RAISED FOR HOSPITALS

A modern hospital illustrative of the type of buildings Southern Baptists are employing in the relief of human suffering.

In their work of relieving human physical suffering Southern Baptists at present own and control fourteen hospitals and there are under course of construction and about ready to be opened at least two more, with considerable progress made toward the erection of others. All of these institutions are liberally patronized and are self-supporting but all of them need to be enlarged in order to meet the rapidly-growing demands upon them. The demand for charity work is especially urgent and in order to enable them to thus render a needed service to those who are least able to help themselves as well as to provide larger facilities for the regular work the hospitals are doing the sum of \$4,800,000 has been apportioned to them from the proceeds to be raised in the Baptist 75 Million Campaign.

This work of relieving the physical sufferings of men, women and children and thus putting them on the

road to better health and larger efficiency and usefulness was begun within the bounds of the Southern Baptist convention in 1890 when the Missouri Baptist Sanitarium was opened in St. Louis. From a very small beginning in a residence with less than a dozen beds, this institution has grown into a modern institution with more than 300 beds.

Other Baptist hospitals in the South include Baptist Hospital, Muskogee, Okla.; Baptist Hospital, Miami, Okla.; Baptist Hospital, Cushing, Okla.; Baptist Memorial Hospital, Memphis, Tenn.; Georgia Baptist Hospital, Atlanta; Oklahoma Baptist State Hospital, Oklahoma City; Baptist Hospital, Columbia, S. C.; Texas Baptist Memorial Sanitarium, Dallas; Baptist Hospital, Houston, Tex.; Baptist Hospital, Alexandria, La.; Baptist Hospital, Jackson, Miss.; St. Louis Baptist Hospital, St. Louis, Mo.; and the Kansas City Baptist Hospital at Kansas City, Mo.

## GLAD TO TESTIFY

Says Watoga, Va., "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful."

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years.

Begin taking Cardui today. It may be the very medicine you need.

## All The Same To Her.

"I shall have to ask you for a ticket for that boy, ma'am," insisted a conductor speaking to a quiet-looking little woman. The woman declined to pay.

"I am afraid if you don't pay for that boy I'll have to stop the train and put him off," he persisted.

"All right; all the same to me," she said.

"You ought to know the rules. How old is that boy?"

"I don't know. I never saw him before."

## Funnel Made From Milk Bottle.

A funnel that has a wide range of application about the household, and especially in food-preparing season, may be made by cutting the body of an ordinary milk bottle. The bottle is trimmed at the desired point by tying an alcohol-saturated cord around it and applying a match. The glass will break evenly at that point. After breaking, the edge is smoothed off on an emery wheel and the funnel is ready for use.

## Unexpected Information.

A clergyman lost his horse on a Saturday evening. After hunting with a boy until after midnight he gave up in despair. The next day, somewhat dejected at his loss, he went into the pulpit and took for his text the following passage from Job: "Oh, that I knew where I might find him." The boy, supposing the horse was still the burden of thought, cried out: "I know where he is. He's in Denon Smith's barn!"

## Only a Shepherd Dog.

A shepherd dog owned by a man in Leominster, Mass., says a writer in Our Dumb Animals, roused the family by his barking one January night. The husband, wife and two children barely escaped. Once in safety the dog's master tried to locate his brave rescuer, but the smoke was too dense. The body was found near the kitchen door leading into the front hall. Only a dog!

## Something Just as Good.

Americans demand poetry that is "red-blooded, human and vital," according to one who calls himself an authority. The supply of this kind of poetry will always be limited. It is to be feared, but there is plenty of fiction that would serve as a substitute, to say nothing of the movies.—Rochester Democrat and Chronicle.

Washington, Ga., Oct. 7.—Two negroes burned at a stake, another shot to death and several whipped was the toll exacted by mobs in Lincoln county yesterday and early Monday morning for the shooting of Deputy Sheriff Red Freeman and a citizen who attempted to assist him in arresting Jack Gordon, a negro on a minor charge.

Jack Gordon, Freeman's assailant, and Will Brown were burned near Lincolnton today. Brown was charged with aiding Gordon in escaping after he had shot Freeman. The third negro to lose his life, Moses Freeman, was killed yesterday because he attempted to throw the pursuers off Gordon's trail.

Tablet to Horace Greeley.  
The Vermont Press association placed a memorial tablet on the old building at East Poultney where a rugged fourteen-year-old boy, in 1825, began a painful apprenticeship as a printer, in which he obtained a working knowledge of the most dynamic of all the arts. # Do Kentuckians want a hand picked, hand controlled Governor?

It is common knowledge that the Republican Party in Kentucky is a "one man" party—solely in the control of A. T. Hert. It was shown at Lexington where the rank and file of the party were disfranchised of their primary rights and forced to accept a slate already prepared for them.

Witness the high handed methods of Searcy, Hert's man "Friday", in his treatment of George W. Jolly of Owensboro who was clearly within his rights in seeking preference at the primary. Witness also the disgraceful primary election in the negro ward in Louisville where the Republicans did not dare let the negroes vote as they wished.

Put Morrow in the Governor's chair at Frankfort and Kentucky will be governed from Louisville. It will be dominated by this one man whose interest is selfish and whose purpose is clearly to use Kentucky merely as a stepping stone to influence and authority in National politics. Hert will push the button! Searcy will pull the string! And Morrow will do the jumping!

## CIRCUIT COURT CIVIL DOCKET

Business Is Being Disposed Of Rapidly But Nothing Of Importance.

The time of Circuit Court is taken up this week by the trial of civil matters, none of them of any especial interest to the public.

Grand Jury Adjourns.  
The grand jury brought in a final bunch of indictments Saturday and was discharged.

Another murder indictment was in the final batch, this being against Marshall Garrett, who is alleged to have killed Dawson Edwards.

Other indictments were returned as follows:

James Moore, hog stealing.  
Earl Burnett, obtaining money under false pretenses.  
John McClain, uttering and publishing a forged check.  
J. Medley Canaler, shooting and wounding.  
E. C. Cherry, knowingly receiving stolen property.  
Several have not been given out as the parties are not before the court.

Fiction Concerning Sargossa Sea.

The Sargossa sea in the north Atlantic is an area through which no ocean currents pass. It is comparatively still water, forming a sort of eddy into which seaweed tends to drift. Writers of fiction have held that the dead ships of the ages have found resting places in this eddy and have peopled them with the spirits of lost mariners. The idea is pure fiction. The Sargossa sea may be navigated without experiencing any difficulty with seaweed and without seeing a derelict.

Carnegie "Hero Fund."

In April, 1904, Andrew Carnegie established a hero fund of \$5,000,000 for the benefit of the dependents of those losing their lives in heroic efforts to save others, or for the heroes themselves, surviving though injured. The endowment is known as the Carnegie hero fund and is placed in the hands of a committee composed of 21 persons, residents of Pittsburgh.

## INTER-CHURCH MOVEMENT

Conference To Be Held Today At the Christian Church.

Rev. Arthur O. Stockbridge, of Louisville, supervisor of the Inter-Church World Movement of North America, will hold a conference in this city today from 10 a. m. to 3 p. m. at the Christian church for the purpose of inaugurating the survey in Christian and adjoining counties.

The survey is to show what needs to be done in every community throughout the State to make each community thoroughly Christian. This survey will show certain projects calling for the employment of so many men and the expenditure of so many dollars in every community. The Inter-Church World Movement will act as the agent of the Protestant churches in enlisting the men needed and in raising the money needed, but the men will be employed and the money spent by the churches themselves through their regular boards and agencies.

## FISCAL COURT GIVES HEARING

To Committees Asking For Road  
Construction To Government  
Hospital.

The Fiscal Court met yesterday and gave a special consideration to matters pertaining to the Dawson Springs reservation.

A committee from Dawson consisting of I. N. Day, W. W. Cate, A. F. Orten, J. H. Scott and others met with a committee from the H. B. M. A. and they jointly appeared before the Fiscal Court to petition that a gap of 4 1-2 miles be completed to connect the present pike with the road to be constructed in the government reservation, about 6 miles to Dawson.

This was strongly urged by Garner Dalton, I. N. Day, W. T. Fowler and others and taken under advisement by the court.

Judge James Breathitt then appeared and proposed a resolution for the court to appropriate \$10,000 to be used in building the road thru the government grounds, provided it be used as a public highway and kept up by the government after its construction. This matter was submitted without discussion.

## BAPTISTS TO PROMOTE BETTER RACE RELATIONS

75 Million Campaign Hopes to Make  
Distinct Contribution to So-  
lution of Negro Problem.

If the aims of the Baptist 75 Million Campaign are fully realized there will be a much better relation between the white people and the negroes of the South than has existed heretofore.

In order to accomplish this aim the negroes are going to be helped to higher standards of conduct and efficiency and a better home life, it is announced that Dr. O. L. Hailey in charge of the work among the negroes. The first work will be done with the preachers of the race, it being hoped to reach the masses thru their recognized leaders.

Better training for the preachers will be provided in the new Baptist Theological Seminary for negroes which has been authorized at Nashville. In addition to receiving theological instruction here the negro preacher will be shown how the negro can improve his standing in the community by becoming a home owner by making his home attractive, even though it is not located in the best of the city, and by co-operating with the white people in promoting the industrial development of the rural districts and the cities.

"It is the floating, lawless, uneducated element of the negroes, who cause trouble," Dr. Hailey declares. "The best element of the whites and the best elements of the negroes always get along well together. The intelligent, sensible negro has no desire for social equality. He does not approve of lawlessness among his people but he does feel that when a negro does wrong he is entitled to a fair trial as much as a white man is. The better class of negroes are asking only for a square deal at the hands of the white man. They are entitled to that much and the White Baptists of the South are going to see to it that a large contribution is made in this direction as a result of their 75 Million Campaign."

## HUGE PROFITS IN BRITISH CANTEENS

London.—Profits from the British expeditionary force canteens have amounted to nearly \$35,000,000. A million dollars will go to disabled officers and men, a like amount to widows and dependants and as much more for general welfare work among ex-service men in Greater London.

## Filipino Proverbs.

There is a certain dignity in many of the proverbs native to the Philippine Islands. "A hero is braver for his wounds," the Filipinos say. "The quality of gold is known by rubbing it against a stone." "He who despises counsel is on the way to misfortune." "Whoever believes everything that is said has no mind of his own." In some there is gentle humor. "A sleeping shrimp is carried away by the current." "A fish is caught by the mouth." "If you sleep, brother, the crocodile will eat you up."

In France poison gas is to be used to kill bedbugs.

## TWO MORE BARNs BURNED

On Johnson Farm Near Oak Grove  
—Loss Nearly \$4,000, Part-  
ly Insured.

A tobacco barn on the farm of T. P. Johnson, near Oak Grove, filled with a crop of 12 acres of tobacco belonging to his son, J. T. Johnson, was burned yesterday morning just as the firing process was about to be finished.

The loss on tobacco is estimated at \$2,500, with insurance for \$2,000. The loss on the barn was partly covered by a policy for \$200 or \$300.

A barn on the farm of T. W. Smith in Trigg county, two miles below Gracey, was burned Monday night from the same cause. It was filled with fine tobacco and the loss on building and contents was more than \$3,000, with no insurance.

## TELL AGE OF OCEANS

Scientists Figure It Out by Measuring Salt.

Declare Seas Were Born About 90,000,000 Years Ago—Water Is Analyzed.

Washington.—How old is the ocean? Standing on the shore and looking out over the expanse of water, the ocean seems a fixed and eternal fact, but the seas had a beginning and will have an end. Scientists say that when this time comes the last drop of water will have been absorbed into the earth's crust, its surface will be a desert and all life will become extinct.

The age of the oceans have been estimated by a leading authority, Professor Frank Clarke of the United States Geological survey, at about 90,000,000 years. This, of course, is only an approximation, but is based on carefully studied scientific data.

All the water was once contained in the vapor that surrounded the glowing, slowly cooling mass which is now the earth. After the gases combined to form water the process of making the ocean salt began. This was the work of the rivers. Mineral salts were extracted from the rocks over which they flow and deposited in the sea.

Each year the action of the streams is said to make the ocean slightly more salty, and this is the basis on which its age is calculated. The amount of salt carried by the rivers of the world is computed by the scientists and compared with the total quantity in the ocean. After evaporation and the velocity of currents have been considered, it is possible to calculate how long it has taken to make the sea water as salty as it is today.

About three and a half per cent of mineral salts and 96½ per cent fresh water make up the oceans. Three-fourths of the solid matter is common salt, other ingredients being chloride, sulphate and bromide of magnesium; sulphate and carbonate of lime and sulphate of potash, besides traces of various other minerals and metals, including gold and silver.

### FOR 3 "MARRIED" REGIMENTS

Regulars With Foreign Brides to Be Placed in Special Units Says War Department.

Washington.—Special regiments, composed largely if not entirely of married men, probably will result from the war department's policy regarding the disposition of regulars who are returning to this country with French wives. Orders have been sent to commanding officers of debarkation ports to transfer such men and their wives to Fort Oglethorpe, Ga., Fort Ethan Allen, Vt.; or Fort Myer, Va., when they belong to the cavalry, and to Madison Barracks, N. Y., in the case of infantrymen.

Official estimates are that 20,000 American soldiers married foreign brides. A majority of these men were emergency enlistments, however, and it is believed three regiments will be sufficient to accommodate the regulars.

### ROMANS LIVING IN CAVES

High Rents Cause Return to Prehistoric Dwelling Places in Italian Capital.

Rome.—"Cavemen," relics of prehistoric days of human housing, live in Rome side by side with institutions of art and learning.

The caves are under the very shadow of the British Art school and the Italian College of Modern Arts. Within a short distance is the national stadium. On the other side of them is the Porta del Popolo, through which before the days of railways all pilgrims to Rome passed.

The reversion of Romans to the caves is not retrogression. It is evasion of high rents. All efforts of the police to eject the tenants from the caves have failed. The "cavemen" move out but return as soon as the police depart.

### The Editor's Guess.

A leading citizen in a small town was suddenly stricken with appendicitis and an operation became necessary. The editor of the local paper heard of it and printed this note about it: "Our esteemed fellow-citizen, James L. Brown, will go to the hospital tomorrow to be operated upon for the removal of his appendix by Dr. Jones. He will leave a wife and two children."—Truth Seeker.

### She Had Him.

Husband and wife were having words, when he said: "I don't believe in parading my virtues!" "No?" answered the wife. "Do you think you could dear?" It takes a number, you know, to make a parade.

Reports received from the Saving Division, War Loan Organization of Kentucky in the Columbia building, Louisville, show that every school in Hopkinsville is one hundred per cent organized in war saving societies. Superintendent J. C. Waller and the teachers of the various buildings are enthusiastic over the success of these organizations.

## BAPTISTS PLAN RECONSTRUCTION PROGRAM

BODY CHARGED WITH DUTY OF OUTLINING HOW 75 MILLION CAMPAIGN CAN PROMOTE THAT TASK REACHES FIELD—DR. LOVE OUTLINES THE NEED AND ISSUES CALL

DR. J. F. LOVE  
SECRETARY  
FOREIGN  
MISSION  
BOARD

DR. Z. T. CODY  
EDITOR  
BAPTIST  
COURIER

REV. EVERETT GILL  
MISSIONARY AT ROME

To make a general survey of the economic, social and religious conditions in Europe with a view to recommending to the Baptists of the South where and how they can aid most effectively in the reconstruction of that continent through the Baptist 75 Million Campaign, a commission, composed of Dr. J. F. Love, secretary of the Foreign Mission Board at Richmond, Va.; Dr. Z. T. Cody, editor Baptist Courier, Greenville, S. C., and Rev. Everett Gill, missionary at Rome, Italy, who is returning after a leave of absence in this country, and who will serve as guide and interpreter to the other members, is now in England for a conference with the Baptists of Great Britain and will go from there for an inspection of France and Belgium.

Another brief conference will be held with the Baptists of Switzerland, after which a trip will be made through Italy and a survey of the new republic of Czechoslovakia conducted. From Prague, capital of Bohemia, the commission will go into such parts of Russia as are open, and the foreign trip will be concluded with an inspection of Palestine, where the missionary work formerly done in Syria, Persia and Galilee by the Illinois Baptist Association has been turned over to the Foreign Mission Board.

There are approximately 4,250 Baptist churches in Europe today, with 3,000 pastors and missionaries and 566,800 church members. It is announced by the headquarters of the Baptist 75 Million Campaign, and a considerable sum from this campaign will go toward succoring needy families of Baptists and others in the war-torn regions as well as in the propagation of the gospel and the establishment of Christian institutions there, it is announced. Before sailing on the Adriatic on his

European mission, Dr. Love made the following statement outlining the purpose of the commission:

"When the call came to help save, promote and secure democracy in Europe there came a louder call to help save, promote and secure evangelical Christianity in Europe. That which alone will now preserve and perfect the democracy for which brave men have died on the battlefield of Europe is the Christianity of the New Testament. Southern Baptists can not longer profess New Testament Christianity and decline a challenge like that which is now presented to them to bear witness to their faith among the peoples of Europe. Our people never before faced such a challenge and such a responsibility.

"Of course we can not go to the men and women of Europe who have been stripped of earthly fortune and reduced to direst necessity with a message of Christian love and brotherhood if we decline in our abundance to carry some substantial pledge of our love and compassion. Mothers will not be able to stay the crying of their little ones to hear us preach if we decline to practice the gospel of compassion and feed these little ones and build fires at which they can during the coming winter warm their frosted toes. Southern Baptists are under the most solemn obligation to help relieve the want and suffering of Europe. But if there were no reconstruction work in Europe, Southern Baptists have motives numerous enough and strong enough to compel them to make a complete success of the Baptist 75 Million Campaign. I would therefore, as my parting word to my brothers and sisters of the South, implore them to give themselves to this campaign and carry it to a triumphant conclusion during Victory Week, November 30-December 7."

### Filipino Proverbs.

There is a certain dignity in many of the proverbs native to the Philippine Islands. "A hero is braver for his wounds," the Filipinos say. "The quality of gold is known by rubbing it against a stone." "He who despises counsel is on the way to misfortune." "Whoever believes everything that is said has no mind of his own." In some there is gentle humor. "A sleeping shrimp is carried away by the current." "A fish is caught by the mouth." "If you sleep, brother, the crocodile will eat you up."

## ATTRACTIONS AT EXPOSITION

Something of Interest to Everyone  
Is Offered—Airman to Jump  
From Plane to Plane.

Something of interest to everyone will be offered at the Evansville Centennial Exposition which opens Oct. 14 and continues through Oct. 24.

The big space in Boase Field has been filled with buildings and stands and is almost ready for the opening. There will be three big halls for exhibition purposes and the exhibits will rival those at the Indiana State Fair.

Every available foot of space has been utilized in the stadium, an immense stock pavilion that encircles the high concrete wall, a large agricultural hall in which the U. S. Government has allotted 4,000 square feet, Purdue University 1,000 square feet and Oakland City Agricultural college 500 square feet; and a large food product building and manufacturers' hall have been erected.

In the space in front of the grandstand the rings and stages will be built for the Royal Hippodrome circus, which will be offered every evening and night as a special attraction.

Concession booths and refreshment stands will take in the remainder of the space. The general admission price will cover the cost of all the attractions, there being no paid shows on the ground.

A chicken, pigeon and rabbit show will be held in the large semi-circular rooms beneath the concrete grandstands. Across from the entrance to the stadium will be the camp of the Eighty-fifth field artillery from Camp Knox and the sailors camp

from the Great Lakes training station.

Airplanes will fill the air above the grounds, the government having ordered four planes here and two local planes being available. Lieut. Locklear, who has gained world fame by jumping from one airplane to another in midair, will be the attraction for three days, Oct. 14, 15 and 16.

The Central States Tractor Show will be held in ten especially built exhibition buildings near the park for four days beginning Oct. 14. One thousand acres close to the city will be used for demonstration purposes.

An immense tent will house the automobile show.

Oct. 21 will be Home Coming day for the 4,000 soldiers and sailors of Vanderburg county and a parade and special exercises will be held. Gov. Goodrich is scheduled to attend on Oct. 16, Indiana Day.

A grand ball will be held at the Coliseum the night of Oct. 17 in honor of the Centennial Queen, who is being chosen in balloting now under way.

### EPISCOPAL CHURCH TO INCREASE ITS MISSIONS

Last Year's Appropriation To Be Exceeded By Million.

Detroit, Mich., Oct. 6.—The Protestant Episcopal church of America will spend in foreign and domestic missions during 1920, \$1,215,200 more than was appropriated for the work last year, if recommendations of the board of missions, which met today to attend the triennial general convention, opening Wednesday are adopted. The board recommended a total budget for mission work of \$3,242,749.

So it will be unnecessary for the bishop to rely upon donations to finance their work. The board will underwrite the budget for domestic missions, recommending an appropriation of \$859,000, an increase of \$605,000. A budget of \$34,000 for Americanization work among immigrants was also decided upon.

The board will estimate that it will cost in 1920 a quarter of a million dollars to meet the situation in China.

Creation of a new diocese in Panama Canal Zone to include Haiti, and election of a bishop in charge were also recommended.

### Easy For H. H. S.

The Hopkinsville High School football team defeated Vanderbilt Training School at Elkton Saturday afternoon by the score of 81 to 0.

Croft, Hooe, Hanbery, Lackey and Radford played the best game for Hopkinsville.

The touchdowns were as follows: Hooe, 2; Acree, 3; Ellis, 1; Croft, 5; Hanbery, 2.

Miss Emma. Noe returned to Chicago Sunday night.

## MILLION GIFT FOR BIG FUND

Texas Man Leaves Large Sum To-ward Church In His Will.

With the announcement Saturday of a gift of \$1,000,000 to the Baptist 75 Million Campaign, through the will of J. Thomas, layman, of Dallas, Tex., who died recently, the largest contribution that has yet come to the campaign was made public by Dr. L. R. Scarborough, general director, upon his return to headquarters from a speaking tour in Georgia and Alabama. The bulk of the Thomas estate was bequeathed to causes fostered by the campaign, the Texas Baptist Memorial Sanatorium at Dallas, and the Buckner's Orphans' Home, near there, being among the beneficiaries that were remembered in an especially liberal manner.

The Thomas gift is not only the largest that has come to the campaign, but the largest that has been made by any individual to Baptist causes in the bounds of the Southern Baptist convention at any time, Dr. Scarborough advises.

### TO HASTEN RETURN OF SOLDIER DEAD

Washington, October 4.—Bodies of all American soldiers interred in Germany, Belgium, Italy, Great Britain, Luxemburg and Northern Russia will be returned to the United States as soon as necessary transportation can be arranged. Secretary Baker announced he had issued instructions for the purchase, storage and tariff division of the general staff to take charge of the matter and to hasten it as much as possible.

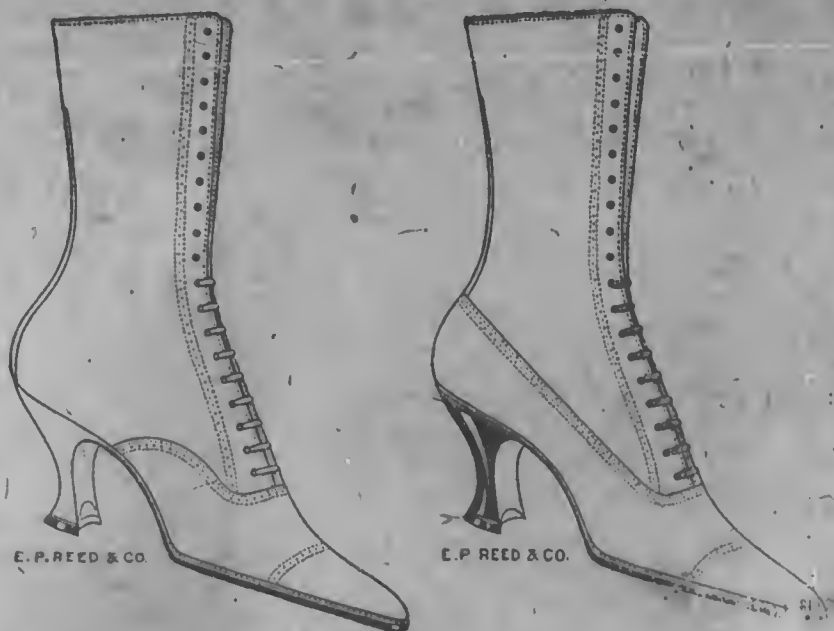

### Tribute to Gov. Black.

Gov. Black is a solid gentleman of the old school; an economical and steady man in his habits always; has made his way up by hard work and study; has served faithfully and efficiently in the positions he has held, and last, but not least, he is NOT a candidate for United States Senator. And he cannot serve a second term as governor.

He would have no personal or selfish motives in leaving, therefore, to

cause him to sidestep his duty while serving the people of his state. His whole aim and ambition clear-ly would be to give his people the best there is in him and leave the commendation of the best elements of the State.—Madisonville Messenger.
